

Features

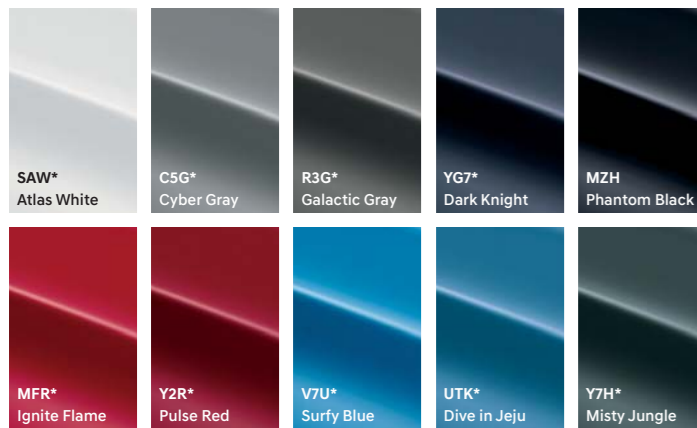

Flowing aerodynamic design
Wireless charging pad

Twin headlight design
Heated rear seats

LED rear combination lamps
Paddle shifter
(Regenerative braking control)

17" alloy wheel
Electronic gear shift button

Exterior colors & Seat trims

*Optional two-tone roof available in Phantom Black

Specifications

Type	64.0 kWh battery		39.2 kWh battery	
Motor	Permanent-magnet synchronous motor (PMSM)		Permanent-magnet synchronous motor (PMSM)	
Max. Power (kW)	150		100	
Max. Torque (Nm)	395		395	
Charging				
Fast charging time (10~80%)	50 kW	64min	48min	
	100 kW	47min	47min	
Standard charging time (10~100%)	7.2 kW	9h 15min	6h	
	11 kW	6h 50min	4h 20min	
ICCB charging time (10~100%)	230V / 12A	28h	17h	
Suspension				
Front	McPherson strut type			
Rear	Mult-Link Type (2WD)			
Wheel & Tire				
Wheel	7.0J x 17 alloy wheel			
Tire	215/55R17			
Dimensions				
Head room (mm)	Front (w / Sunroof) / Rear	1,005 (965) / 957		
Leg room (mm)	Front / Rear	1,054 / 848		
Shoulder room (mm)	Front / Rear	1,410 / 1,385

Positive energy.

Everything about the new KONA Electric shows the power of positive thinking. You get cutting-edge design, a pure electric powertrain that provides up to 484km of driving range plus a suite of advanced connectivity and safety features that will put you right on the vanguard of fashion and technology. Put the power of positive thinking into your daily drive with the new KONA Electric.

Impressive range

KONA's high-capacity 64kWh battery give you ample driving range for daily commuting. The maximum driving range reaches up to 484km so you can drive confidently without worrying about recharging.

Quick acceleration

KONA sprints from zero to 100 km/h in just 7.9 sec! Unlike combustion engines, KONA's electric motor delivers 100 percent of its torque instantaneously for strong passing power and quick acceleration from a standstill.

Charging time

With standard 7.2kw on-board charger, a 100 percent recharge takes about 9h 15min (optional 11kw on-board charger take about 6h 50min). Using the supplied In-Cable Control Box and a standard household 230V AC 3-prong outlet requires 28h for a full charge.

Fully digital 10.25" gauge cluster

The expanded capabilities of this new cluster start with the user-selectable display themes: Normal, Sport, Eco or Cube.
